

Read on for up-to-date info on what's hot, what's not, and what's happening with all things EIM.

## leading the pack

- [Jason Rodeghero](#) passed his PhD qualifying examinations and has started work on his dissertation. He will be presenting on treatment-based classification for patients with neck pain at an Illinois Physical Therapy Association conference in April 2013. This course will have presenters from McKenzie and Sahrman as well. Each presenter will discuss their approach and have a live patient examination portion along with a next-day follow-up. Jason will be highlighting an evidence-based approach.
- Shane McClinton was recently published in JOSPT: McClinton SM, Heiderscheid B. Diagnosis of primary task-specific dystonia in a runner. J Orthop Sport Phys Ther. 2012;42(8):688-697.

## spotlight

Several physical therapy groups, including Evidence In Motion, and a host of individual PTs around the country, are leading relief efforts for physical therapists and physical therapy clinics devastated by Hurricane Sandy. The group's relief project, [HelpingPTs.org](http://HelpingPTs.org), is collecting funds, equipment, and supplies to help their colleagues quickly recover from the devastation so they can get back to treating storm victims and patients.

Donations may be made online at [www.HelpingPTs.org](http://www.HelpingPTs.org) or by mail to the address below.

HelpingPTs.org  
13000 Equity Place, Suite 105  
Louisville, KY 40223

To request assistance, please email your needs to:  
[info@helpingpts.org](mailto:info@helpingpts.org) or [helpingpts@physicaltherapist.com](mailto:helpingpts@physicaltherapist.com)

All donation checks should be made payable to HelpingPTs.org. Donation receipts will be sent to all donors.

Assistance for physical therapists impacted by Hurricane Sandy

### Upcoming Emergency Medical Response Course

EIM's [Emergency Medical Response Course](#) is designed specifically for PTs who provide athletic venue coverage and respond to acute injuries. The course includes assessment, management, and prevention of cardio-respiratory emergencies, musculoskeletal injury, medical emergencies, and environmental injuries.

Participants fulfill the eligibility requirements for Sports PT Residency Programs and application submission for the ABPTS-SCS Exam.

Course details:

- Faculty: [Dr. Teresa Schuemann, PT, DPT, SCS, ATC](#)
- Online portion of the course begins February 14
- Onsite portion of the course will be held in Chicago, IL on March 23-24
- Cost: \$495\*

\*Course options and pricing are available for those wishing to re-certify or only participate in the testing process. Visit EIM's [website](#) for information.

Participants receive 10% off if they purchase two or three of the following courses: [Sports PT Competencies](#), [Emergency Medical Response](#), and [SCS Prep](#).
